Charter Night Set Nov. 12th

Formation of a set of by-laws, to be presented to the Redwood City Chamber of Commerce in a conference with members of the newly-organized Junior Chamber of Commerce early next week, was effected Tuesday by a committee of the junior chamber.

The junior chamber seeks affiliation with the senior chamber along the same lines more than 400 other junior chambers in the United States have achieved, and they will present their proposition to the senior chamber at a meeting tentatively arranged for Tuesday, Oct. 18. The by-laws will be presented next Wednesday night for approval to the membership-at-large of the junior chamber, which first met Oct. 5.

Members of the by-laws committee, which met in the law offices of O'Connell & O'Connell, are F. Edmund O'Connell, chairman; Edward L. Greeley, William H. Morrissey, Floyd McCue and Walter Peterson. Ted Seufert III and Sam Albers, temporary president of the junior chamber, also were present.

Charter night for the new organization, at which will be installed permanent officers to be elected at a special meeting planned for Oct. 26, has been set tentatively for Nov. 12. It will be a dinner affair with impressive inaugural ceremonies, members have planned.

The first society for the prevention of cruelty to children was founded in New York in 1875.

Plans Started Too Late, Avers Board Member

Former Engineer Sets
Earliest Starting
Date Jan. 23

Supervisor James S. James, former county engineer, has filed with the board of supervisors a detailed report purporting to show that the \$262,000 south county sewer project advocated by Engineer U. S. Marshall is an impossibility under present conditions.

James, who blocked the \$5000 sought by Marshall for special work in connection with the project, reported that under the most favorable circumstances, work could not start before Jan. 23.

The PWA deadline is Jan. 1, he reported.

\$120,000 PWA FUNDS
Success of the project hinges on a \$120,000 PWA grant, he pointed out, contingent on start of work by the first of the year.

The board of supervisors, he wrote, would be forced to secure the consent of both Menlo Park and Atherton city councils before proceeding. Granted that this consent would be secured today, James listed the various legal steps to be taken before work could start and said Jan. 23 was the earliest date.

He pointed out that the board must proceed under both the Special Assessment District Improvement Act as amended in 1931, and the 1911 Improvement Act. He predicted that the proceedings under the former could not be completed before Dec. 13, and under the latter before Dec. 28, when a public hearing would be conducted.

The board could not open bids until Jan. 9, he predicted, publishing the notice of award on Jan. 10 and 11. That would make Jan. 23 earliest date for start of work.

His investigation showed, James reported, that the application for the grant had been approved by PWA engineers and had been conditionally approved by the PWA Finance Department in San Francisco Oct. 6.

If the grant is not approved by Oct. 20, James said, there is little chance of it being approved at all since California's quota has been exceeded already.

Under PWA rules, the supervisor reported, the sponsor should have completed arrangements for its share of the costs by Oct. 1, but this rule might be overlooked if the sponsor could guarantee start of work by Jan. 1.

Marshall, who asked a special appropriation for preliminary work at the last meeting of the board, urged all possible speed in pushing the project to insure the PWA grant and a \$35,000 contribution from the Veterans Administration Facility.

The project has been frowned on by the directors of the Menlo Park Sanitary District. Approval has been given by the Menlo Park city council. Atherton's town board has taken no action.

ANDERSON FOR CONGRESS

The splendid vote given Jack Z. Anderson at the primary election insures his election to Congress in November. His opponent, J. J. McGrath, the incumbent Democrat, to be elected will have to overcome a plurality of 10,000 votes. McGrath cannot accomplish this feat on the showing he made in the August election. Anderson carried every county in the district except Monterey, and his friends are sanguine in the belief he will carry it next month. Anderson is a vote-getter, a good talker, and possesses a pleasing personality.

There is very little doubt that he will be next representative of the eighth district.

'Vice Squad' Urged By Sheriff McGrath

Sheriff James J. McGrath, who
returned Monday from the Califor-
nia Peace Officer convention at San
Diego to learn that there had been
a "fuss" over sale of liquor to mi-
nor in certain south county taverns,
today proposed a "vice squad" for
the sheriff's office.

"Two men in a car on duty from
6 p.m. to 2 a.m. every day could do
a lot of good," the sheriff said.
"They could keep tabs on this situa-
tion, and watch for slot machines
as well."

The idea was similar to one pro-
posed by Dist. Atty. Gilbert D. Fer-
rell last week.

Police Chiefs John H. Harper,
Burlingame; C. L. Collins, Redwood
City; Edward Wheeler, San Carlos;
and Louis Belloni of South San
Francisco, attended the San Diego
convention, McGrath said.

MENLO PARK NEWS NOTES

Zeke is dead. He was taken to
a Palo Alto hospital last Saturday
by his mistress, Miss Meta Kue-
ler, and on Tuesday passed to the
happy hunting grounds in the ani-
mal kingdom above. Little Zeke
was a friendly canine, greeting all
the neighbors with a kindly yelp
and pleasing gesture when he met
them. Zeke was popular with all.
His passing will be mourned by
many.

Mrs. James Powers, who slipped
and fell at her home last week,
fracturing her hip, is reported re-
covering in Palo Alto Hospital. At
first, owing to her advanced age,
it was thought she would not re-
cover; but she is convalescing and
will be home in 10 days.

Daniel Keel, flagman at the Oak
Grove crossing, is quite ill at his
home. His many friends hope he
will recover rapidly.

Frank Maloney, who was recent-
ly married, has started the con-
struction of his new home in Stan-
ford Park. Mr. Maloney is con-
nected with Peninsula Material
Co. His wife is the former Ersula
Wilson.

Early Monday morning the old
J. K. Prior mansion at Atherton
was destroyed by fire. The build-
ing was an old landmark, created
in the late sixties. J. K. Prior
learned the plumbing trade in his
youth and at an early age started
contracting. His first big contract
was the plumbing work on the J.
C. Flood mansion in 1878. From
then on he did a thriving business
in San Francisco, amassing vast
wealth. Prior was a shrewd busi-
ness man, investing his money in
real estate. It was his custom to
buy corners on prominent busi-
ness streets on which he erected
large buildings. At his death he
owned many buildings on the prin-
cipal corners of San Francisco,
valued at nearly \$2,000,000. The
vast estate was in litigation for
years and dwindled considerably
before it was distributed. The old
home is gone, and so is the big
Flood mansion, which Prior helped
to build.

The 65th anniversary of the con-
secration of the Presbyterian
Church will be observed Nov. 30
by the congregation in a program
of religious services. The church
was erected on Nov. 30, 1873.
Among the founders was the late
Judge Coon, who owned an estate
where the Stanford Isolation Home
is located on the course of the
San Francisco Creek at Coon's
Bridge on the extension of Santa
Cruz Ave.

Coon was a police judge in San
Francisco in the early seventies,
later becoming mayor. He took a
great interest in the little church,
often filling the pulpit in the ab-
sence of the regular minister. Mr.
Coon had a lovely young daughter,
who married the late Dr. McNutt.

a prominent physician and surgeon
in San Francisco. Their son, Max-
well McNutt, is now the superior
judge of San Mateo County. As a
youth McNutt was a frequent vis-
itor at his grandfather's home. A
picture of the old pioneer and
church worker hangs in a promi-
nent place in the chambers of
Judge McNutt at Redwood City.

while roofing on a building in

wife and three children.

Mrs. Folger Leaves Estate to Relatives

Elizabeth M. Folger of Hillsbor-
ough, widow of Ernest R. Folger,
San Francisco coffee manufacturer,
left her estate in trust for her two
daughters and a granddaughter, ac-
cording to a will filed in the su-
perior court for probate late Mon-
day by her son-in-law, Robert W.
Miller, and the American Trust Co.
The entire estate is left in trust
to the petitioners, the income to be
distributed equally between Mrs.
Elena F. McNear and Mrs. Eliza-
beth F. Miller, Mrs. Folger's daugh-
ters, after one-fifth of the income
is distributed to a granddaughter,
Elizabeth W. McNear.

Mrs. Folger died Oct. 6. The will
was dated Oct. 16, 1936.

\$20,000 in Damages Sought in Accident

Personal injury damage suits to-
talling \$20,232 were filed in the
superior court here as the result
of an accident on the Mountain
Home Rd. near Woodside Aug. 14.
Plaintiffs are Mr. and Mrs. Fred
Willis of Lomita Park, and Flo-
rence M. Scott of San Jose. De-
fendant is Spencer W. Clarke, 48,
San Francisco.

The plaintiffs allege that they
suffered severe, permanent injuries
when automobiles driven by Willis
and Clarke collided one-quarter
mile from Woodside.

Mrs. Scott asks \$10,000, Fred Wil-
lis \$3155, and his wife \$5077.

Statistics indicate that at least
126,000,000,000 pounds of plant
food elements are removed from
the soil by erosion in the United
States each year.

Garlic-Parsley an Aid in
HIGH BLOOD PRESSURE
Medical reports say that Garlic-Parsley con-
centrate has a double action in reducing high
blood pressure. First, it tends to relax tightened
arteries. Second, it checks or inhibits decompo-
sition of waste matter in the bowels, a contribu-
tory cause of high blood pressure. To get
concentrated garlic and parsley in odorless,
tasteless form, ask for **ALLIMIN**. These
tablets, used repeatedly at regular intervals,
aid in reducing blood pressure and relieving
headache and dizziness caused by excessively
high readings. To learn what raises your blood
pressure and for medical treatment consult
your doctor. Large box, 50c. Special economy

ANSWER: An early belief was that it was possible to see the will of the gods in a mirror. If a mirror was broken, it was interpreted as an effort on the part of the gods to prevent the person from seeing some unpleasant happening in the future.

Car, Garage Burned; Houses Threatened

Fire which apparently started by faulty wiring in the automobile destroyed a car and garage, partially damaged an adjoining store-room and threatened several houses in the vicinity shortly after 1 a.m. Wednesday at the Headley home, 626 El Camino Real, Redwood City.

The automobile was owned by a house guest of the Headley family, Frank McCaughina of San Francisco.

According to Asst. Fire Chief Joseph Lodi, the machine had been almost consumed by the flames before fire broke out on the garage roof and attracted attention. The fire had gained such headway before the department arrived that large cinders were being scattered to neighboring residences. Only the fact that two houses nearby had composition rather than wood shingles saved them, Lodi declared.

Both county and Redwood City fire departments answered an alarm from Birch and Marlborough Aves. at 12:15 p.m. today where a grass fire burned over a vacant lot.
